

8-Way Dozer Blade for PT-300

Eight-way dozer blade with heavy-duty frame and 2400 mm working width. Designed for rough and finish grading in dirt, leveling and trenching.

Can be mounted onto any PT-300 (John Deere or CAT engine), with cab or remote control.

Range of motion

1. TILT

2. LIFT

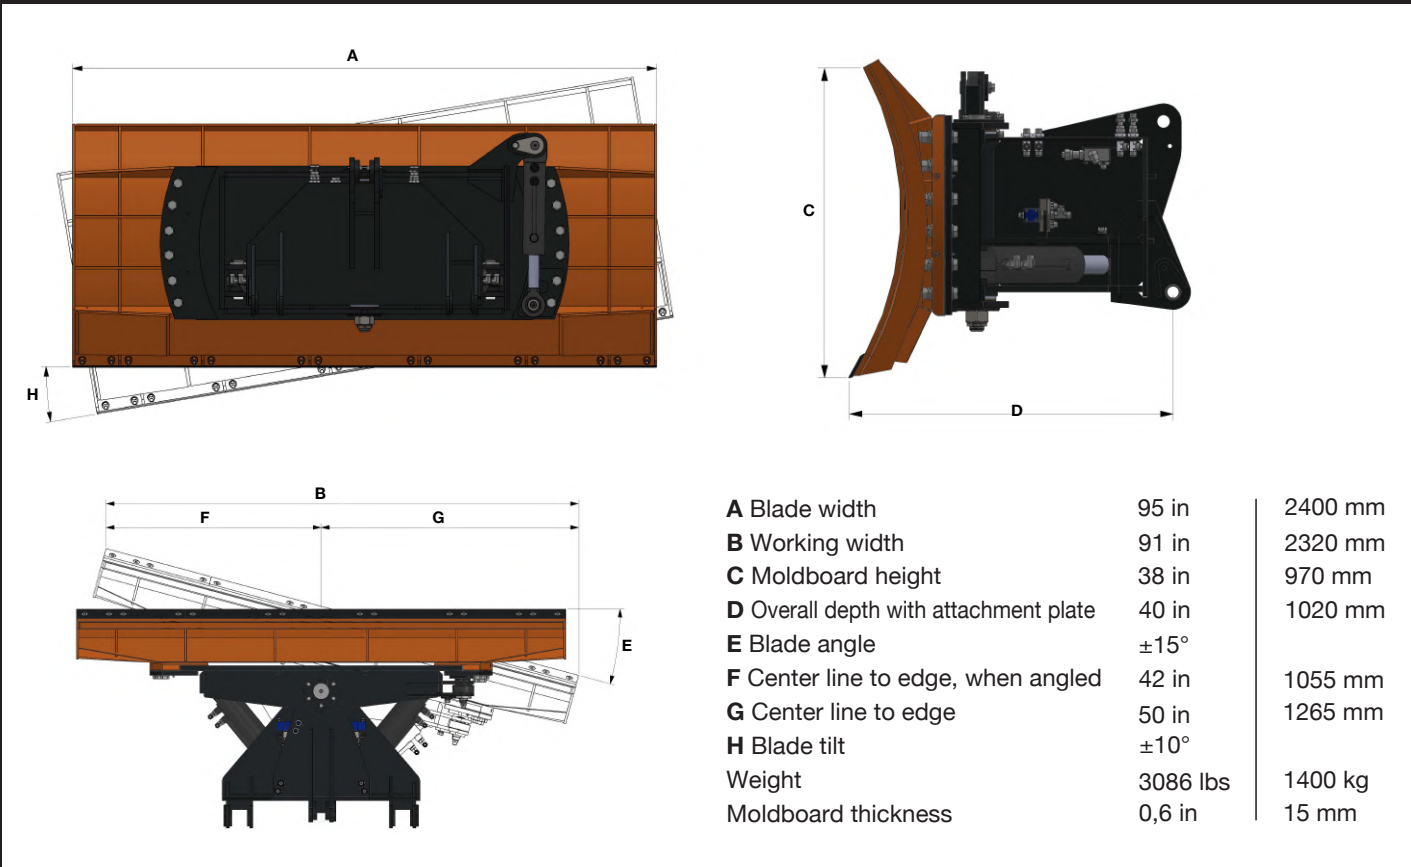

3. ROLL

4. ANGLE

The 8-way movement allows you to tilt (1), lift (2), roll (3) and angle (4) the blade, all from the cab or remote control of your PT-300!

Features

- Hydraulic controlled angle and tilt
- Angles 15 degrees right or left off center
- Tilts 10 degrees off horizontal both directions
- Relief valves to protect the hydraulic angling system when the blade is overloaded.
